

Peter Battley

I am originally from South London but have lived in Bournemouth since the mid 90s. I have played club golf from the 1980s when I worked in the middle east for 3 years. When I returned to the UK I joined Surbiton golf club in the late 80s.

I have been a member of KHGC for 7 years. I paused golf for 20 years whilst family and work progressed but returned to the game when I reached my early 60s. I am a (mostly) retired structural engineer.

I have not previously served on golf club committees but have captained at football and cricket clubs both at and after university. I have captained and organised one of the Bridport Bowl teams this year.

I have been playing in both senior's friendly and competitive matches for a few years now and will be happy to assist with club matters and the organisation of matches etc. and serve as the senior's vice captain for the coming year.
