

# MAINTENANCE WEEK

SEPTEMBER 2017

## GREENS

Verti drained 7 inches deep

Scarified in two directions

Two trailer loads of organic matter was removed

**Over seeded with bent grass**

**Top dressed with fendress**

**Dragged matted in**

**Fertilized with an organic based feed**

**And finally a roll and a cut**

# Approaches

**Verti drained**

**And**

**Top dressed**

**The sand was then draged in**

# TEES

**The tees were verti drained using**

**22mm diameter tines**

**6 inches deep**

**The same as the approaches**

**Some tees were top dressed with sand and dragged matted in**

**Thank you for your patience and understanding while this vital work was carried out.**
