

Novel Corona Virus (Covid19) Risk Assessment for Greenkeeper's operations

The following **Risk Assessment** was carried out by Reunert Bauser and Alan Magee – June 2020.

Source of Contamination	Nature of Risk	Exposed Risk	Controls	Residual Risk
Greenkeeper's operations.	Coming into close contact with another person.	Possible	<p>All Green staff on site will always practice social distancing with team members and golfers and any other staff on site.</p> <p>No Green staff are allowed to enter the Clubhouse offices unless instructed to do so by the Course Manager and pre-arranged with one of the office staff.</p> <p>Weekly briefings regarding safety measures are in place and these also address any staff concerns. These are now held outside.</p> <p>Briefing meetings are also held outside with social distancing.</p> <p>Lunch breaks are now staggered to assist with social distancing and other breaks are now staggered when necessary.</p>	Unlikely

Greenkeeper's machinery.	Contamination, contact points.	Probable	<p>Where possible machines will be assigned for single use. Where this is not possible social distancing will be observed (e.g. no more than 1 person in 1 vehicle).</p> <p>In addition, surfaces, machine controls, seats and contact points will be wiped down using sanitiser and disinfectant.</p> <p>A new product called Zoona has been purchased - this is a fine spray that will be applied to all equipment, contact points, door handles etc..... The solution sticks to the surface and will kill any microbes for up to two weeks.</p> <p>Hand wipes are provided for when on the course and/or to wipe down machine controls, seats etc....</p> <p>Suitable signage and labelling are in place.</p> <p>At end of day, all contact points etc.... will be wiped down with hand wipes and/or disinfectant.</p>	Unlikely
Greenkeeper's Compound	Contamination, contact points.	Probable.	<p>Hand gel, sanitiser and Zoona is available and should be used as appropriate.</p> <p>Suitable signage and labelling will be used to ensure this operates as a safe environment.</p> <p>All contact points and the mess room will be wiped down daily with hand wipes and/or disinfectant.</p> <p>Social distancing will be observed.</p>	Unlikely

Additional Measures available for all the risks identified above:

Regular hand washing for a minimum of 20 seconds should happen as often as is possible and the use of biologically resistant gloves is recommended to help prevent further the spread of Coronavirus.

Whilst all these precautionary measures will be put in place to help provide a safe environment, it should be noted that all staff and golfers have a **Duty of Care** not only to themselves to stay safe but also to all other people on the golf course site.
