Dear Members,

Everyone will be aware that with effect from 2nd December 2020 we will be placed in Tier 2 – High Alert, of the government's Covid-19 tier restrictions.

We are very glad to be able to welcome you back onto the course and as Reunert recently notified you the club will be reopening on Wednesday the 2nd of December at 8.00am for golf.

To ensure we comply with government advice we will be continuing with the same course restrictions that were in place before lockdown i.e. no rakes in the bunkers, flagsticks to remain, maintain social distancing, etc. If any new restrictions are imposed because of the tier system, we will update you.

As part of these restrictions the government has stated that “you must not socialise with anyone you do not live or who is not in your support bubble in any indoor setting” and that “venues that serve alcohol can only remain open where they operate as if they were a restaurant, which means serving substantial meals (and accompanying drinks)”. As we cannot see any way that we can conform with the guidelines in a way that would make this a pleasant and comfortable experience for the members, it is with regret that we have taken the decision to close the bar and catering facilities until there is a change in the restrictions.

The locker rooms and toilets will remain open.

On a more positive note the greens staff have been extremely busy on the course and we hope that you will be pleased with the progress made so far. Many of you will have seen some of the work posted on the club's webpage in the twitter feed. A report on the progress the Greens Team have made will be sent out shortly by e-mail. For those of you without an email account, copies will be posted on the notice board.

We thank you all for bearing with us through these extraordinary times and we look forward to the time that we can welcome you back to the full golf experience.

Jim Airth

On behalf of the Management Committee
