Play Safe , Stay Safe

England Golf has been working closely with partners from across the sport, including The R&A, Home Nations, PGA and other industry associations to draw together a framework under which golf be safely enjoyed.

There are many different types of golf clubs and golf facilities, requiring safe procedures to be finalised and implemented locally. However, the fundamentals are the same throughout the sport, which has a good record of compliance with rules and procedures.

These procedures include all aspects of the golfing experience.

The over-riding consideration throughout must be to 'Play Safe, Stay Safe'.

Extracted from the "EG - Framework for Playing Golf dated 7 August 2020.

Arrival & Waiting to Play

Players should still arrive changed for play and refrain from showering or changing in locker rooms.

Bookings

Clubs to organise a system of booking and allocation of tee times that ensures the safety of staff and golfers.
