1st incident: The Individual/s will be advised by letter that they have breached either a club rule or gone beyond the boundaries expected to be maintained. They will be asked to respond in writing. Any actions or guidance will be included in a follow up letter from the Captain/ General Manager.

2nd incident: The individual will be asked to attend a meeting with the Captain or suitable representative to explain their actions. The evidence will be collated and the individual informed in writing of the outcome.

3rd incident: The individual will be asked to attend a meeting with the Captain or suitable representative to explain their actions. This will usually result in a restriction of membership or playing rights. There will be no recompense of membership fees due to restriction of playing rights under these disciplinary actions.

4th Incident: The individual MAY be asked to attend a meeting to explain their actions. The seriousness of the offence or the repeated number of offences will be taken into account and this could result in cancellation of membership.
