

Steve Grundy – nominated for Seniors Committee member

I was born and raised in Salford near Manchester. After completing an electrical engineering apprenticeship, I joined a computer manufacturer where I worked for almost 25 years, during which time I moved with the company to Wokingham in Berkshire. After leaving the computer business in 1992 I worked in Financial Services until my retirement in 2010.

I started playing golf in my mid forties by joining a golf society and served on the committee for a number of years, including a year as captain in 1998. When approaching retirement, I joined a nine-hole golf club and then moved to East Berkshire Golf Club in 2014 where I played regularly for the senior's team. In 2019 I moved to Poole and joined Knighton Heath. During my time at Knighton Heath, I have enjoyed the seniors matches and feel the time is right to give something back. Joining the seniors committee will give me the opportunity to help with the organisation and running of the competitions and matches.

My other commitment is my church in Westbourne where I serve on the Church Council and the Finance Team.

Steve Grundy
