

KNIGHTON HEATH GOLF CLUB

MACHINERY PURCHASE

2017

IN LINE WITH THE MACHINERY REPLACEMENT PROGRAM THE CLUB MANAGEMENT
HAVE REPLACED A NUMBER OF MACHINES WHICH WILL BE USED TO MAINTAIN THE GOLF COURSE

VALUE £176 000

WORKING FROM LEFT TO RIGHT

1. JOHN DEERE TRACTOR

Used to power our tractor mounted equipment

2. WIEDENMANN GXI8 AERATOR

Used on the greens, approaches and tees

3. TORO TRAILER WITH 2 TORO 1000 HAND MOWERS

The trailers are to move the hand movers around the course. Hand mowers will be used to cut the greens

4. TORO TRIFLEX 3400

Used to cut the greens when the hand mowers are not in use

5. TORO WORKMAN HDX

Utility vehicle used for transport of materials and with the **PRO PASS TOP DRESSER** (not pictured)

6. TORO TRAILER WITH 2 TORO 1000 HAND MOWERS

The trailers are to move the hand mowers around the course. Hand mowers will be used to cut the greens

7. TORO GREENSPRO 1240 (TURF IRON)

Used to roll the greens after aeration and throughout the playing season

8. TYM TRACTOR

Used to power the smaller tractor mounted equipment

9. WIEDENMANN WHISPER TWISTER

Used to blow debris from the larger playing areas.
